

SOUTH WEST KIDS

OCTOBER 2020 UPDATE

OUR MISSION South West Kids repurposes and distributes donated children's goods to families in need across South West Victoria. We keep good quality children's items out of landfill.

OUR VISION All children in the South West have access to the essential items they need to grow, thrive and be healthy, and we preserve the earth's resources by reducing unnecessary waste

OUR PROGRESS TO DATE

We have started working on Stage 2!

We held our first steering committee meeting at the end of last month and have started working on:

- Project planning documentation including our Strategic Direction Plan and
- Our stakeholder engagement plan, risk register, budget and program of works

Introducing our Steering Committee

We have welcomed Felicity Melican (Chair), Amanda Hennessy (Vice Chair), Bernadette Northeast and Carole Reid to join with the project team members Catherine Darkin, Tim McPherson and Kara Winderlich. This forms our steering committee to guide the organisation through Stage 2. Here we are in our first Zoom meeting.

WHAT ARE WE WORKING ON NEXT?

We will be finalising our project documentation for Stage 2, signing off on our Terms of Reference and registering the organisation as a not-for-profit incorporated association

WHERE TO FROM THERE?

We will then shift our focus to creating good governance and developing our operations plan
